

RUGGED TEMPORARY POWER SOLUTION

Standard Builders Temp

- > 63A Isolator
- > 4 x30mA 20A RCBOs
- > 4 x Clipsal IP 56 outdoor hotpoints (8 power outlets)
- > Hinging gear tray for metering
- > Adjustable external mounting feet

Or customize your own

Buy the enclosure and hinged gear tray and add up to 12 way of distribution for single and 3 phase distribution.

These boards can be configured to provide up to 16 x single phase outlets or 8 single phase and 2 x phase

 Enclosures are padlockable so can be locked out at weekends.

ENSTO POLYBOX

Rugged Industrial Enclosures
